## Ingredient Benefits

### Clearthix® S

- Transparent general thickener for use on its own or in emulsions.
- Cost effective due to low use level required.
- Creates smooth, non-sticky textures.
- Stable to pH, heat, alcohol and electrolytes; it requires no neutralisation and is easily dispersed in water.

### Hydratagel G

- A ready-to-use Hyaluronic Acid.
- Suitable for use on its own or as an ingredient.
- Can increase viscosity and change the rheology of creams and lotions.
- Adds moisturising properties to gels, creams and lotions.
- Provides a non-sticky, light barrier feel on the skin.

## Method

- Disperse phase A in water using a homogeniser at room temperature.
- Add phase B and stir in by hand.
